Chapter 1 by James

I have seen it, in exactly 2097 years in the future the world will be controlled by 10 year olds. The whole world will look like Willy Wonkas chocolate factory. The streets are made of pepermint. And the trees will be made of chocolate. This will be so because one night in the year 4112 one child made a wish and it was granted. Early the night the wish was made the child ran into an old woman. And the child helped the old woman cross the street. And the old woman told him he would be granted one wish, however he must make it before midnight. At 11:59 pm he made that wish. And that old woman won't grant another wish for 2000 years. So have your 25th greats grandson be prepared to love his life with all the candy he can eat
